Insurance	5,284
<b>Total Price</b>	<b>322,374</b>

Our ProEst software has set a new standard by offering industry-specific solutions with advanced integration capabilities. Its familiar, easy-to-use interface and logical layout and design are just some of the reasons why ProEst is unsurpassed in the industry – and why 6,500 of the most prominent construction companies in the world have come to rely on ProEst to support their growing businesses.

## What's New in ProEst 11

ProEst estimating software was re-designed from the ground up using Microsoft development tools as a platform. This ensures ProEst's competitive advantage for years to come. The use of Microsoft products also supports seamless integration between ProEst and industry-leading accounting and project management software, as well as other business applications. The bottom line is an increased efficiency that is sure to maximize the return on your investment.

## Industry Solutions

Simply select from one of our pre-built databases, or RS Means, and your estimator can quickly become proficient at creating winning, profitable bids. The databases can be fully customized for any of the following construction trades:

- General
- Residential
- Landscaping
- Plumbing
- Electrical
- Concrete/Masonry
- Mechanical
- Others Available

## Service and Training

ProEst estimating is backed by a highly-trained staff of professionals with extensive construction and software knowledge. Our classroom, web-based, and on-site training options accompanied with our ProEst Service Plan guarantees seamless integration into your current workflow.

## Choose a Package that Fits Your Needs

### Lite Includes the following:

- Item Takeoffs
- Simple Assembly Takeoffs
- 30+ Standard Reports
- Auto-Calculate Markups
- Job Cost Accounting Interface
- Pre-Built Databases Included

### Standard Includes all Lite features plus:

- Assembly Takeoffs
- Locations for Organizing the Estimate
- Cost Table to Update Multiple Linked Items
- Estimate Templates
- Pre-Built and Custom Formulas
- Combined Item List for Quick Data Manipulation
- Edit Screen Layout to Display All Desired Columns
- 50+ Standard Reports

### Professional Includes all Standard features plus:

- Custom Report Generator
- Work Breakdown Structures for Organizing the Estimate
- Update Multiple Estimates with Current Pricing
- Multiple Material Costs Per Item
- Scheduling Software Interfaces
- Create Estimate Options
- Estimate Totals Screen for Detailed Cost Analysis
- Multiple Labor Adjustments Per Item
- Crews for Labor & Equipment
- Over 70 Standard Reports

### Additional Modules

- Additional Users
- Proposal Writer
- Trade Databases
- ProEst Bid Day
- ProEst Takeoff
- Digitizers
